### HOW RECYCLEBANK PROGRAM WORKS

Waste Connections is committed to providing its customers with the best possible service, the latest innovation and a continuing opportunity to help the environment. Through this commitment, we have realized the value of adding RecycleBank to our list of services. We are thrilled to offer this totally recharged and reinvented way to recycle. **What makes this program so unique is that you and your family will earn RecycleBank Points for your recycling efforts. The more you recycle, the more RecycleBank Points you earn. Each pound (1lb) of recyclables is equal to 2.5 points, and the average reward is 50-100 points. On average, a family earns \$20 in discounts and reward cards each month. “Super Recyclers” have earned as high as \$40.00 per month in rewards on average.**

RecycleBank is a loyalty and rewards program that motivates households to recycle. RecycleBank is being offered exclusively by Waste Connections in your area. You will receive a large 95-gallon wheeled recycling cart equipped with an RFID (radio frequency identification) tag. This RFID tag has a unique number and will associate your cart to your address. Simply place all of your recyclables (no more sorting) in your new cart. Our trucks have been retrofitted to read the ID tag, weigh your recyclables and transmit this information to your personal RecycleBank.com Account, where you earn RecycleBank Points.

An average recycler has the ability to earn and redeem hundreds of dollars worth of rewards and discounts at local and national businesses each year. Currently, RecycleBank has more than 2000 local and national reward partners dedicated to its mission to encourage communities and households to recycle. Local reward partners will include businesses located right within the City of the Village and the immediate surrounding area. National partners include McDonalds, Dick’s Sporting Goods, Coca Cola, Old Navy, Khol’s, AMC Theaters, CVS Pharmacy, Target and many more!

Another Great thing about choosing RecycleBank Service is that RecycleBank Reward Partners can be local City of The Village businesses. Being a partner will give the local businesses **FREE ADVERTISING** on the RecycleBank Website. The only cost to the vendor is the value of the reward.

Just to remind the City of The Village what recyclable (Single Stream) Materials that are accepted with the RecycleBank Service Program
