CRIME DOWN 18% IN 2008

Overall reported crimes in The Village plunged 18.5% in 2008 to reach the lowest level in at least two decades. There are many factors which contribute to this improvement, but probably the most significant factor is the closing of the Vintage Lakes Apartments in April 2008. A recent study of crime in The Village pointed to these apartments as the source of between 20% and 30% of all the crimes committed in The Village. The apartments are to be demolished this spring and will be replaced by a new residential development.
