BRITTON ROAD RECONSTRUCTION TO FINALLY BEGIN— *Lane Closures to Cause Congestion*

The long-delayed Britton Road Reconstruction Project will finally get underway in the very near future and possibly as soon as next week.

The project involves the complete **rebuild of one mile of Britton Road between Penn and May**. The new surface will be **concrete with a 10' wide bike/walk path** on the north side of the street.

The project is a **\$4 million** Federal-State-Local Project and will be managed by the Oklahoma Department of Transportation (ODOT). \$3 million of the project cost is funded with federal dollars. The balance of **\$1 million is being paid by the City of The Village** using funds authorized by the 2018 General Obligation Bond issue, which was approved by voters a year ago.

Construction will take approximately **10 months** to complete and is to be completed by **November 2019**.

Traffic will be congested during construction. All homes and businesses, however, will have temporary access during all phases of construction.

LANE CLOSURES: The traffic control phases of the project as approved by ODOT are as follows:

- **Phase 1:** *Close the Westbound Lane on Britton Road from Village Drive to May Avenue.*
- **Phase 1 A:** *Close the Westbound Lane on Britton Road from Penn to Village Drive.*
- **Phase 2:** *Close the Eastbound Lane on Britton Road from Village Drive to May Avenue*
- **Phase 2 A:** *Close the Eastbound Lane on Britton Road from Penn to Village Drive*

The City asks for your patience and understanding throughout the course of this construction and apologizes in advance for any inconvenience or hardship that might be caused.

Residents are encouraged to continue to **support our local businesses** during this difficult time.

Please direct your questions and/or complaints to: **Chris Harlin (405) 522-5576** or email charlin@odot.org
